- 30 minutes in the party room at the very end of the party for food & dessert
 - **The party room is ONLY available for the 30 minutes at the end of your party. It will not be available prior to your food time. We ask that the party parents arrive 15-20 minutes before the start of their party. There is no need to arrive earlier as there will be nowhere for your party to go. Parents will give the items they have brought to the party manager and the manager will handle set up. Once your party begins, you will bring your belongings (such as jackets, purses, etc.) with you. Gift baskets will be available at the front desk to hold presents, jackets, and whatever else you would like).**
